

"TRADE" PROFESSIONAL POLICIES:

- Professional discounts are not offered to homeowners who employ trade professionals.
- Trade professionals must use their own debit/credit card or form of payment to make purchases. A driver's license or other form of identification will be checked.
- Professional discounts are offered only to authorized trade professionals purchasing merchandise for jobs with the intent to resell. Discounts are not offered to friends, family, or other 'affiliated' persons. "Trade professional" refers to Landscapers, Designers, Architects, or other professionals working in the Horticulture industry.
- Pottery will be discounted an additional 20% off of any already discounted price for trade professionals. All other dry goods such as fertilizers, soil, supplies, and gift items will be discounted by 20%.
- Existing approved customers may be grandfathered in for professional discounts. These customers must be included in the Wholesale list at cashier stands with the owner/managers signature.
- We are not taking new "on account" (Net 30) customers. Arrangements can be made to save a credit card on file for use by employees of companies which may be requesting accounts.
- Due to changes in Arizona State Law as of January 1, 2015, Green Things will be charging sales tax on all purchases, except on sales to other retail establishments for the purposes of resale. Contractors will be charged sales tax. An Arizona Form 5000 must be on file to exempt tax from your purchases.

ALL EXCEPTIONS TO POLICIES STATED ABOVE MUST BE AUTHORIZED BY THE OWNER AND/OR MANAGER*

My signature below indicates that I have read and understand Green Things' policy regarding Professional Discounts and any other related issues.
